

1951 bmw designworks usa

In 2003, Gregg's colleague, Harvey Goldson, bought an old Emeco chair on ebay, and left it in Gregg's office without explanation. Gregg contacted Adrian van Hooydonk at BMW Designworks in Southern California, and Van Hooydonk designed the 2005 version of this classic chair, with a new, more 'dynamic' stance and an injection-molded plastic seat and back.
