

circuit lounge tjokeefe

The powerful Circuit Lounge is composed of a series of steel loops that strategically intersect to form its structure, giving it both visual lightness and a substantial structural weight. Its multiple planes visually overlap to create new and interesting graphic compositions from every angle.

materials:

Powder coated steel rod painted in black, white, fluorescent yellow and fluorescent green.

dimensions:

28-1/2" x 32-1/2" x 25-1/2"ht 14-1/2"sh
