NEIL

Designed by Jean Marie Massaud

Neil is a lounge chair celebrating lightness and competence.

A radical language, a cosy comfort and an elegant technique that match surprisingly well with refined, natural finishes. Now introduced in a four-star version, this new collection leaves space for further future options and different situations and uses.

The Neil armchair emerges today as a new icon of essential style.

Neil is presented in two bases: FOUR POINTS STAR PREMIUM and FOUR POINTS STAR BASIC.

Two unique bases that redefine the classic office chair concept.

PADDED VERSION

A load-bearing body in rigid polyurethane (compact, high performance techno-polymer obtained through moulding) covered with polyurethane foam rubber. Polyester wadding completely covers the body. Available in high and low back version, with or without armrests.

VERSION WITH COUNTER-SHELL

A load-bearing shell in rigid polyurethane (compact, high performance techno-polymer obtained through moulding) and liquid painted in the colours matt white, bronze and black nickel. The colour of the shell matches with the one of the frame.

Counter-shell in rigid polyurethane covered with polyurethane foam rubber with upholstery in polyester wadding. Available in high-back and low-back version, with or without armrests.

BASES

. FOUR POINTS STAR PREMIUM: 4-points star steel base with cantilevered frame, matt powder painted white, bronze and black nickel. 360° swivel;

. FOUR POINTS STAR BASIC: 4-points star steel base with central frame, matt powder painted white, bronze and black nickel. 360° swivel.

4-POINTS STAR STEEL BASE WITH CANTILEVERED FRAME. 360° SWIVEL.
