

lightable Rosaria Copeta

Reduced volumes and minimal lines characterize the lighTable. The table consists of a work surface in melamine or laminate combined with slender colored metal legs. A silent 'presence' that integrates perfectly with spaces of all types and styles. Subtle and understated, the lighTable's rigorous simplicity allows it to coexist perfectly with more decisive and strident pieces. A neutral piece which adds a sense of composition and harmony to the spaces it furnishes.

Selected among the finalists of the prestigious competition YOUNG & DESIGN 2010.
