Patrick Norguet designs a small desk for Tacchini Edizioni that combines organization, privacy and exquisite structure. Antique and yet amazingly suited to this digital age, JAK has a light metal base that supports a top equipped with USB ports and a shelf, as well as a small compartment concealed by a small drop-front door. Also available in a wall-mounted version, Jak is an extremely elegant piece of furniture, capable of bringing a fresh, contemporary vibe to the home as well as hospitality settings. It is made with materials that highlight its subtlety and decorative charm.
