

la marie philippe starck

The world's first completely transparent chair made from a single polycarbonate mould, La Marie combines essential design with an exceptionally robust structure to produce the lightness and intangibility of its image. An ingenious combination of lightness and strength, the result of painstaking and meticulous research on its polycarbonate material, this item is shock resistant. In addition to the crystal version, La Marie is available in additional fluorescent shades: violet, light yellow and light orange.

Materials

Polycarbonate. Available in the following colors:

Dimensions

| | width | height | depth | height seat | width seat |
|--|----------------|--------------|----------------|--------------|--------------|
| | 15 1/4 38.7 | 33 1/2 85 | 20 1/2 52.5 | 18 8/9 48 | 11 4/5 30 |
