

achille chair jean marie massaud

A stackable and padded chair, completely upholstered in fabric, of great impact and comfort.

materials:

Frame in metal tubing, foamed with polyurethane rubbers, upholstered with fabric.

The upholstery, which is fully removable and covers the whole chair, can be made with the following fabrics: Manila, Londra, York or in MDF leather.

The upholstery in high-quality MDF Italia leather, of strong image and impact, comes in a wide choice of colours. The fabric Manila, with TEFLON anti-stain treatment, features a broad range of stunning colours.
