

CLIP

designed by Patricia Urquiola

This padded double bed has a unique design. The headboard continues the entire length of the bed to the footboard and folds back on itself to trace a highly original form resembling a paperclip. The headboard can adopt different inclinations. The bed can take all kinds of bases, with thicknesses varying from 6.5 cm to 17.5 cm, thanks to the adjustable support system. The fully removable covers can be chosen from a wide range of fabrics or leather. The proposal is completed with a side table, a lacquered structure
